

CIS 6930: IoT Security

Lecture 10

Prof. Kaushal Kafle

Spring 2025

Class Notes and Clarifications

- Research plan due ~~today~~ Monday
- I will post the research proposal and related work scores in canvas soon.

Class Notes and Clarifications

- Follow the template..
 - ..but use your discretion!
- Some things to keep in mind (non-comprehensive list)..
 - What kind of project are you doing?
 - i.e. what are your research goals/questions?
 - What is your threat model?
 - How do you collect your data?
 - OR what is the design of the framework you are proposing?
 - What is your methodology for achieving the research goals?
 - E.g. if you are using a tool, how do you install and configure it to get your desired results?
 - Why did you choose this particular tool? Why not others? Etc..

Class Notes and Clarifications

QUIZ time!
